## RUSSIANS AGREE TO DEMANDS OF CONFERENCE

### FIRING KEEPS DUBLIN AWAKE THROUGHOUT NIGHT

Shooting Even More Intense than Previous Night; Guard Beats off Attack Upon Wellington Barracks

**ARMED PARTY RAIDS PLANT OF NEWSPAPER AT SLIGO**

Easter-tide Death List in Belfast Mounts to Twelve on Friday

**DUBLIN.**—By The Associated Press.—The attack on the Wellington barracks, which began at 11:15 p.m. Thursday night, continued for four hours, when the attacking force was beaten off by the garrison of regular Irish republican army troops.

An attempt was made to rush the front gate and the two grenades were thrown, slightly wounding three of the garrison. The guard repelled with a grenade, and it is believed two of the attackers were wounded, as they were seen being assisted away by comrades.

The firing in different parts of the city, while it lasted, was even more intense than that of the previous night, the explosions of bombs causing the greatest alarm.

Wellington barracks, which is in a thickly populated residential section, was the last barracks here to be captured by the British and is now responsible for military action in Dublin. The barracks being the general headquarters of the republican government's forces.

**Hiring Acts as Curfew**

The firing about Beggan's Bush barracks was comparatively light, but a fusillade of rifle shots was heard near the Four Courts, recently seized by the independent forces under Rory O'Connor.

The firing of revolvers in various parts of the city at night has grown so general that it has had almost the same effect as a curfew law, preventing citizens returning to their homes at an early hour.

**Raid Newspaper Office**

SLIGO, Ireland.—By The Associated Press.—Armed men raided the offices of the Sligo champion Friday and smashed the frames of type for this week's issue, apparently in order to prevent publication of the newspaper's report of Sunday's shooting when Arthur Griffith, president of the Gaelic League delivered an address in favor of the Free State treaty.

The raiders tore up ten thousand and fifty printed copies of the paper but spared the linotypes and other machinery.

**Seize Wireless Station**

BELFAST.—A wireless station at Ballybeg, near Glenties, on the west coast of Londonderry, has been seized by republican forces. It was announced Friday. The raiders provided the men in charge of the station with transportation to the nearest railway depot.

**Easter Deaths Number 12**

BELFAST.—By The Associated Press.—Firing was again in progress in the short street area of Ballymacarrett, the eastern section of Belfast, early Friday. A sergeant in the special constabulary was the last casualty of the day.

Two deaths in the hospital Thursday night and the death of Andrew McFarlane, one of the day's wounded, closed the Easter list to twelve.

**Thieves Tamed and Feathered**

Three men who were discovered looting in the falls district received a shock when they were tried and sentenced by republican police to be flogged and feathered.

The sentence was duly carried out and the thieves were marched down the street labeled:

"Loose, howlers."

And accompanied by a jeering shouting crowd.

The arrival of the military ended the "thieves' feast."

### "WHITE RIBBONERS" COMPETE FOR BANNER OF FRANCIS WILLARD

CHICAGO, Ill.—Competition by white states for a banner presented in 1898 by Francis E. Willard, is expected to stimulate interest in the nation-wide membership campaign of the Women's Christian Temperance union which opens Monday, April 24, and will continue for three weeks. An attempt will be made to enroll one million members. The banner in competition is now held by California.

### THIS MAP TELLS A STORY

This map shows Russia and Germany, which have entered into an economic treaty. Direct land communication between these countries, which was possible along a long frontier before the war, is prevented by the status set up by the treaty of Versailles. How long will these states be able to withstand the Russo-German interests? Especially Poland? How long will Russia and Germany be content to trade over the long water route, which lies across part of the year. At the left is Rathenau, the German, and at the right is Tchitcherin, the Russian, who negotiated this treaty.

### PERMIT MINING IN PITTSBURGH AREA TO SUPPLY UTILITY

Unions Asked for Enough Men to Furnish Coal for City Water Works

**FORTY-SEVEN NON-UNION MINES CLOSED SINCE STRIKE BEGAN**

**Claim of Considerable Support Made by Union Leaders**

**PITTSBURGH, Pa.**—Following statements by R. W. Gardner, commissioner of the Pittsburgh Coal Producers' association that prices of bituminous coal have not advanced since the strike, and that there is an abundance of coal on railroad sidings in this district, William Hargest, secretary of District No. 5, United Mine Workers, Friday issued a statement intended to show that a shortage is actually faced.

Since it is a rule of the union not to deny and public utility a sufficient supply of coal for its needs in time of strike, Mr. Hargest said, a company furnishing coal to operate the water works here had asked the union headquarters to provide from among union men on strike, enough miners to enable his company to furnish the needed fuel.

Forty-seven non-union mines in the Westmoreland county field have been closed since the strike began, according to a list made public by the district union headquarters here. No statement was available from operators.

Union organizers were waiting the assistance of Van Riper, former president of the Pittsburgh district, and recently in charge of the Kansas field, who has arrived in this district as representative of the international union.

### D. A. R. CONVENTION DELEGATES RECEIVED AT THE WHITE HOUSE

**WASHINGTON.**—A reception at the white house and election of officers, held the chief interest Friday of delegates attending the annual congress of the Daughters of the American Revolution.

Candidates for vice president included Mrs. Frank W. Mondell, Wyoming; Mrs. William T. Block, Illinois; and Miss Alice Louise McDuffie, Michigan.

### CARRIES THROUGH SUCCESSFULLY TWO RING ENGAGEMENTS

**BATTLE CREEK, Mich.**—Kid Buck passed successfully through two ring engagements here Thursday night. As John McComb he was married at 7:30 o'clock to Miss Cecile, As Kid Buck, in an hour and a half, he won the boxing arena and defeated Frankie Mason of Fort Wayne, former fly champion of America.

### SEVEN SUMMER HOMES BURGLARIZED IN THE SUNSET POINT COLONY

**TOMAH WIFE SUES GARY AND JONES TO GET GAMBLING LOSS**

**Mrs. Maude Hatch Alleged Husband Lost \$4,200 at Poker and Faro Bank in Five Months**

Suit has been filed in circuit court by Mrs. Maude Hatch of Tomah, on behalf of her husband, for the recovery of \$4,200, which she alleges her husband lost gambling in this city with Edward Jones and Andrew (Chad) Carey.

The action is being started by Hagman and Gleiss, Tomah lawyers, for Mr. Hatch. The couple have two minor children.

Mrs. Hatch alleges that her husband played poker and faro, with the defendants from Oct. 20, 1921, to March 6, 1922, losing \$4,200 cash in \$25 bets in that time.

### HARDING SIGNS BILL PROVIDING FOR MORE SOLDIER HOSPITALS

**WASHINGTON.**—Signature by President Harding of the Langley bill authorizing an additional appropriation of \$17,000,000 for hospital facilities for disabled former service men was announced Friday at the white house.

### REVERSE DAMAGE SUIT ST. PAUL, MINN.—A verdict for \$45,000 for personal injuries granted Clarence S. McKinley against the Chicago, Milwaukee & St. Paul railway by the Yellow Medicine county district court, was reversed and remanded to the trial court by the state supreme court Friday.

### A PROCLAMATION

The White House, Washington, D. C., March 19, 1922. To the Near East Relief:

"I have received a copy of the appeal which your organization is issuing on behalf of the Armenian people, so long and so sorely tried. It is, of course, a pleasure to record my endorsement and good wishes for your continued success. Through such work as yours, the world has been getting an understanding of the American purpose and spirit, that can reflect only credit upon our nation, and insure to better understanding among all peoples of the earth. I hope all people will measure of their ability, our people will continue to sustain you in the great humane effort you are carrying on."

"With most cordial assurance of my interest and concern for your success, I am,

Very truly yours,

WARREN G. HARDING."

### FLOOD FUND OF MILLION VOTED BY HOUSE TODAY

Emergency Appropriation Made Available to Control Flood Waters Along the Mississippi

**CONDITIONS REPORTED SERIOUS AT SEVERAL IOWA CITIES**

Industrial Plants in Muscatine Closed; No Trains Along Iowa Bank of River

**WASHINGTON.**—A joint resolution making immediately available the sum of \$1,000,000 for control of floodwaters of the Mississippi river, was adopted Friday by the house. The resolution was introduced by Wilson of Louisiana, and Humphreys of Mississippi, with the approval of Budget Director Dawes.

**Leaves Threatened**

CHICAGO, Ill.—Rivers in Illinois, Indiana, and Iowa, which have been at flood stage and above for several days, Friday were wearing away protecting levees in several localities.

Three levees along the Wabash river in Indiana and Illinois broke. Several blocks at Vincennes, Ind., were reported under water.

Flood was provided for 400 homeless residents of Naples, Ill., and assistance was given to families along the Mississippi who had been taken to Cairo.

Flood conditions were also reported serious at Muscatine, Clinton, and Davenport.

Along the southern Mississippi large forces were working to strengthen levees against the rush of waters.

**Close Industrial Plants**

MUSCATINE, Ia.—Three big industrial plants here were forced to suspend operations Friday when flood waters attained an unprecedented rise.

The stage Friday morning was 18.1 feet, exceeding the highest stage on record here by one-tenth of a foot.

The exodus of Bay Island residents continued. Government tents have been received and refugees are finding a haven in the highlands.

**No Trains at Clinton**

CLINTON, Ia.—Telephone service here is seriously hampered by flooding of the conduits, and cold damp weather added to the discomforts caused by the flood Friday, hearing plants in many buildings being out of commission.

Steam railway service on the Iowa side of the river is still impossible and the spreading waters of the flood are encroaching on more and more of the cultivated land areas along the river.

**Fox Situation Critical**

APPLETON, Wis.—Slight improvements in flood conditions in Appleton were noticeable Friday morning, but a more critical flood stage is anticipated when the water from Lake Winnebago, which is running into the lake faster than it can be taken out, arrives here. It is feared that a rise of more than two feet will result in the inundation of the entire Fox river valley, according to the United States engineer's office here.

Inspection of the locks, dams and banks of the Fox river were completed Thursday by the government engineers and the situation was viewed as critical.

More than 300 men are now endeavoring the canal bank in addition to a dam to prevent a break. If the canal bank breaks, a catastrophe is feared the superintendent of the engineer's office here said.

The dams of the Fox River valley are standing up against a severe test. The hurricane of last Wednesday backed the water into Lake Winnebago and when this wall of water comes down the river the dams from Oshkosh to Green Bay will meet the supreme test.

Dikes are being built along the river to insure safety to the locks. An artificial dike was built at Kimberly, near here, to protect the Co. herby, near here. Workmen are also building up the banks around the locks. At present, dikes have been dumped at the East end of the dam to strengthen it.

Engineers refuse to predict what may happen.

The situation is critical and plant owners have been warned to be ready for an emergency.

### LAKE STEAMER SUNK ENTIRE CREW SAVED

**CHEYBOYAN, Mich.**—The wooden passenger steamer Colonial, that on passenger (Cheyboyan and Bois Blanc islands, is believed to have sunk in Lake Huron Thursday night following removal of her crew and sinking of passenger by coast guard crews.

### PROMISE COMPLIANCE IN RETURN FOR FINANCIAL AID AND RECOGNITION BY ALLIES

Will Assume Russia's War and Pre-war Debts, Waive Counter Claims and Restore Property to Foreigners; German Delegates Accept Disbarment From Russian Discussion

**GENOA.**—By The Associated Press.—If the Russians are granted recognition de jure and adequate financial help, they state in their reply submitted to the entente today, they are willing to admit Russia's war and pre-war debts, waive their counter claims and restore the use of nationalized property to its former owners or satisfy the claims of foreigners in cases where the property cannot be restored.

As justification of that contention that the allies could not as a matter of right demand compensation for property, the Russians cite the abolition of slavery in the United States, where neither Americans nor foreigners were compensated. They also cite the adoption of prohibition in America, as a case where no compensation was given to the producer of alcoholic drinks.

### GERMAN AND RUSS DELEGATES MAKING TERMS WITH TURKEY

**GENOA.**—By The Associated Press.—Germany and Russia, asserted the Cattidino Friday, already have agreed with the Turkish nationalist government at Ankara on a common program of foreign policy. This, it argues, will constitute a grave menace to other powers, especially the Balkan states.

**No Objection to Child**

An English spokesman for the British delegation to the economic conference said there was no objection to Richard Washburn Child, American ambassador to Italy, being present at sessions of the commission on Russian affairs in order to obtain information for the United States government.

**Germany Accepts**

The German reply to the allied ultimatum accepts the condition that the German delegates be barred from participating in the further discussions of the Russian question by the Genoa conference, the Russo-German treaty signed at Rapallo being allowed to stand.

Arrangements were made to present the note at noon to Premier Facta of Italy as president of the conference and also as the first signer of the protest received by the Germans.

**Fact Long Under Negotiation**

The German note is longer than that from the allies, and begins by acknowledging "with painful surprise" the protest received, which is considered undesired. The note then repeats what Dr. Rathenau, German foreign minister, has stated on several occasions—that the negotiations for the conclusion of the Russo-German treaty began long ago, were known to have been in progress by all the European governments, and had lately been suspended out of deference to the conference.

But the exclusion of Germany from the negotiations held by the allies with the Russians at the Villa de Albertis gave to the German delegation the impression that the allies were trying to conclude arrangements with the soviet government without German participation, perhaps to Germany's detriment.

At a certain moment, perhaps through misunderstanding, the German delegation received the impression that the allies were about to conclude an agreement with the Russians. Therefore the Russo-German negotiations were resumed, and resulted in the signing of the treaty at Rapallo on Easter Sunday.

The German delegation believes that this treaty does not violate the spirit of the conference, and indeed

### THIRD RAID MADE ON SCHALLER HOME BY RAIL DETECTIVE

Property Believed to Belong to Milwaukee Railroad Found in the House

**Ed. C. Miller, Sheriff, J. Prisco, Ruddle, chief of the federal prohibition enforcement deputies in this city, and V. L. Scholl, chief of the special police of the Milwaukee railroad, searched the home of Matt Schaller, 523 Summer street, for a second time on Thursday.**

In the morning raid Ruddle found five 100-pound sacks of sugar and more than three gallons of moonshine hidden in a vault under the pantry. In the afternoon search, 25 empty 100-pound sugar sacks were unearthed and confiscated, along with some tools, which according to Scholl some Milwaukee road property.

In connection with the two raids, Sheriff Miller makes the following announcement:

"The three raids on Schaller's home were made on information received by the federal prohibition enforcement deputies and by the federal case was worked up by the federal deputies themselves. The rumor has reached me that certain neighbors of Schaller are being held responsible for 'tipping off' the authorities. This is not the case. We got our information from sources other than Schaller's neighborhood. His neighbors had nothing whatever to do with the case."

Thursday afternoon Schaller had a warranty deed executed in which he deeded all of his Summer street property to his wife. The deed was filed late Thursday with the register of deeds.

### WILLIAM STREHL TO ATTEND CONFERENCE STATE A. L. OFFICERS

**William C. Strehl, vice commander of the state department of the American Legion, leaves Friday night for Milwaukee to attend the conference of state department officers to be held at the Milwaukee Athletic club Saturday and Sunday.**

Problems concerning disabled men and claims adjustments will be discussed at the meeting. The state department of Wisconsin has started a service office in Milwaukee to handle all difficult claims with which the local posts of the American Legion are confronted. Latest developments of the adjusted compensation are also to be considered by the state officers, it was announced.

## NEW HIGH SCHOOL VOTED FOR SPARTA AT MASS MEETING

Electors Decide to Have New  
Building After Hearing Com-  
mittee Reports on Plans

SPARTA, Wis.—A special school meeting was called Tuesday evening in the Armory, and with the substantial majority of 78 votes, the electors of school district No. 1 voted to stand back of the building committee in the erection of the new school building. The "Spartan" resolution has been acting, the joint committee authority to demolish the present high school building if they deemed it advisable to do so, and the committee decided to wreck the building, to build the new school building on the site of the present high school and to front it North, on Franklin street.

Opponents to this plan, called for the special school meeting, to decide whether or not it was necessary to demolish the present building, and to determine which way the new high school should face.

Circulars giving the ideas of those on both sides of the question were circulated about town and much interest was manifested. When the night of the special meeting came the Armory was packed to the doors.

The meeting was called to order by Dr. S. B. Beebe, director of the school board, and after the reading of the roll by the district clerk, Ole Doyrud, the first order of business was the election of a chairman. Judge R. A. Richards, and M. M. Haney were named. Judge Richards received 410 votes and M. M. Haney 227, 779 votes being cast.

When the business of the meeting came up, Hon. Edward Teasdale presented a resolution prohibiting the removal of the present high school building. He presented his arguments

in opposition to the plans of the joint committee, and showed a map showing his plans for the disposition of the new building. Dr. Beebe presented the plans of the building committee, showing the present school property and the location of the proposed new building. The discussions continued for about two hours. The result of the ballot showed a majority of seventy-eight votes against the Teasdale resolution. Seven hundred and twenty-two votes were cast, of which number 347 favored the Teasdale resolution and 425 opposed it.

The new structure will be in the form of a T. The present boiler house will be utilized, and will continue to be the central heating plant, thus saving several thousands of dollars. As the new building is to be faced North, the boiler house will come to the rear of the building, and forming a part of the new one, with manual training and agricultural department on floors above the boiler room.

The present ward school building will be left upon the grounds. It is in good condition in every way and suitable for the needs of grade work with the exception of the basement

## COURT DENIES PLEA FOR DISCHARGE OF BOND FIRM RECEIVER

SUPERIOR, Wis.—Judge Luse in federal court Thursday issued an order denying the motion of Madison Bond company for the discharge of the receiver, John S. Allen, appointed following involuntary bankruptcy of the company on March 29. Thursday's order was the outcome of a hearing in petition of the bond company before the court on Monday. Bond company attorneys contended

that the company is solvent and alleged that the securities of the concern are in the vault of the Harriman Trust company at Madison.

## The Ideal WINDOW DRAPE

What is the latest thought on correct window drap-  
ing? Just this—

FIRST—A veiling. A net or window lace to give character to the window and privacy to the room without obscuring the view.

SECOND—A shade. An ordinary roller shade or one of casement cloth hung on a traverse rod with a draw-string.

THIRD—A narrow overdrap. This may be of any material and its use and selection depends on the other furnishings of the room.

ONE THING MORE—Fashion now says the window veiling (net or lace) should be given a decorative touch, a fringe and refers to such a hanging as a casement net curtain.

This is the newest thought in decoration and we are showing a splendid line of Casement Net Curtains in the newest styles.

PEACE SHALL BE WITH YOU  
Finally, brother, farewell. Be perfect, be of good comfort, be of one mind, live in peace and the God of love and peace shall be with you.—2 Cor. 13: 11.

Why Not Morris?

THE case of Herman L. Ekern is most interesting. Why did Senator La Follette choose him as a wedge to drive into the La Follette state organization? Authoritative political gossip explains that the wedge is calculated to split Governor Blaine off from the progressive movement and to substitute Mr. Ekern as governor, and later as United States senator. But why Ekern? Of course Mr. Ekern is a strong man. He is clean. He is dry. If we pause to consider that he has appeared before the state legislature in behalf of special interests, we must recognize the fact that this did not occur until after Senator La Follette had instituted the "reform" of substituting the term "legislative agent" for the term "lobbyist." But while he had maintained a residence in Wisconsin, for eight years he had been to all practical purposes a resident of Chicago. He had approached the seat of government in Wisconsin only as a representative, not of the people, but of the special interests whom he was paid to serve.

Racially, of course, Ekern had strength, and would serve as an offset for the repudiation of Gordon, head of the Luther League. He was dry, but not dry enough to absorb a too large percentage of the moisture with which the La Follette organization has been expediently saturated. All told there was much in his favor, albeit probably not enough to overcome the natural prejudice created by bringing him into the state over bridges made of the noses of many of the capable faithful.

But surely there were others—men who had not deserted the state. For instance, there was Tom Morris of La Crosse, candidate for United States senator against McGovern in the ill-fated campaign of 1916. Ability and integrity had won for Morris a position of leadership in the state, but he saw the legitimate fruits of years of faithful and highly intelligent public service lost in a maelstrom of fanatical prejudice. Like Ekern, he is a dry. He is Ekern's match, if indeed not his superior in experience, resourcefulness and past service to Wisconsin. They differ only in racial antecedents and in religion. It would seem one must search diligently for ground that would justify Senator La Follette in preferring Chicago, Illinois, to La Crosse, Wisconsin as a source from which to resurrect political talent.

In all the record there crops out but one outstanding difference between Morris and Ekern which might naturally have influenced Senator La Follette for the latter. During the war Senator Morris made a public statement in which he deprecated the attitude of Senator La Follette relating to measures for the prosecution of the war. We do not recall that Mr. Ekern expressed an opinion upon the subject. Statesmanship has its eccentricities, which often find expression in personal bias, and sometimes lend toward vengeance. "Thou shalt have no other Gods before me," when borrowed by mere man, is an unmistakable evidence of clay feet.

Noise, or Action?

MOST of Governor Blaine's speech at Milwaukee might be passed over as the expected, as the conventional thing to have said in a campaign for radical support. However, the attention of close readers may have been riveted to the following paragraph:

"The corporations and forces that have been withholding millions of dollars (in taxes), rightfully belonging to the public, quite effectively cover their tracks, though I hope to be able sometime in the future to advise you not only as to the names of the corporations and individuals withholding their income taxes, but also to the amount thereof withheld; and then we may be better able to judge of the percentage of the money so withheld that they have invested in a campaign to prevent the exposure of fraud and crime."

In a special message Governor Blaine said that to disclose such information would be to invite criminal prosecution of the governor for violation of the law. How, now, does he expect to make this disclosure with the law unchanged? There are two interpretations possible. One is that the governor, having been advised by his attorney general that the law doesn't bar him against such attack than he would have felt had the attorney general advised him in a contrary

manner. This raises the question of why the governor did not get this opinion from the attorney general before calling a special session, the expense of which he might have avoided had he possessed himself of that information.

The other inference is that the governor is about to start prosecutions, the pleadings of which, filed in court, he will be at liberty to use. If the latter is the case, more power to the governor. He cannot strike the tax dodger too vigorously to meet the approval of all honest citizens.

But the governor must begin such prosecutions if he would save his own reputation. If he should fail to do so, and should merely rely upon the attorney general's opinion for authority to make his charges against corporations and individuals alleging serious crimes which he, as governor of the state, neglects to prosecute, he will be pleading guilty to the charge that he desired such publicity purely for the purpose of making accusations of crime which in his judgment would not stand the test of a public prosecution. It is easy to charge crime even against the innocent. The test of good faith on the part of a public official is a resolute effort to punish, and hence to prevent crime.

We do not assume to judge Governor Blaine in this affair. The truth must become a matter of public record. If he faces the primary without having backed his most serious accusations with bona fide legal proceedings, the record will have convicted him of bad faith in the form of unjust political expediency. But if in due time he shall have hit the ball of professional tax dodging on the nose, we shall pray that his may equal the record of Babe Ruth.

But let us go back to the quotation from His Excellency's comment. The tax dodgers "effectively cover their tracks," yet His Excellency "hopes to advise you not only as to the names of the corporations and individuals, but as to the amounts."

The governor has the information which recently he said he could not get without an amendment to the law which amendment he did not get. And soon he will make disclosures of "effectively covered" information which recently he said he could not make without an amendment to the law which amendment he did not get.

Ladies and gentlemen, savants, anarchists, republicans, holy rollers and bootleggers, we ask you, one and all, is this our governor a magician, or a humorist?

When it comes time to beat the rugs father agrees that short skirts give freedom of movement.

In Ye Olden Times

TEN YEARS AGO TODAY  
In honor of the memory of those who lost their lives on the ill-fated steamship "Titanic" which sank last Sunday night, the hymn "Nearer My God to Thee" will be sung in all churches of La Crosse, city and county, Sunday. The La Crosse Equal Suffrage Association requested the clergymen to have this hymn sung during the services.  
(One of the largest wolves ever seen in this part of the county was killed by John Davis, Bangor, near New Amsterdam. Davis, an Indian, was without arms but set his dogs upon the trail and managed to corner the wolf in the hollow of a fallen tree. When the wolf came out Davis struck it over the head with a club. He collected the twenty dollar bounty from the county clerk today.)

Mrs. Ollie Miller, who went abroad last fall with a party, has returned home.  
William J. McGaughey of 1916 George street, has been elected president of the La Crosse council, Y. M. C. A. of America, to succeed Charles Devine who has left the city.

TWENTY YEARS AGO TODAY  
Articles of incorporation were filed yesterday at Madison by the Bangor Telephone company with a capital stock of \$5,000. This will greatly benefit the farmers around Bangor for they now can have telephones in their homes at \$10 a year apiece.  
A state organization of elk is to be formed tomorrow at Ashland, where representatives from all parts of the state will convene. The local lodge will not be represented at the meeting, however. Secretary Holmes said that the La Crosse lodge will join later.

Dr. and Mrs. R. R. Schaeffle have returned from a trip to Mexico and other southern points.  
George C. Bell who has been engineer at Heileman's brewery for a number of years, has resigned and will open a factory on Main street for the manufacture of gasoline engines.

Beds of bauxite from which aluminum is obtained have been found on the Sawyer and Austin lands in Arkansas. According to the United States geological survey, the land has over 8,000,000 tons of bauxite which is valued at \$2 per ton.

THIRTY YEARS AGO TODAY  
A new dressmaking establishment has been opened on Mill street by the Misses J. and E. Benenon.  
There is something like a wool famine in La Crosse. The White Beaver was compelled to leave port here Friday without enough wool to take her half way to Brownsville. She landed below Cracker Island and all hands picked up chips and driftwood, enough to have taken her to New Orleans.

Fillmore county, Minn., seems to be infested with wolves. During the past week the county has paid \$412 for fifty-nine wolf scalps. This beats La Crosse county's record.

Some time ago Secretary (Alvart) of the board of trade notified the Russian Relief Committee at Washington that La Crosse would furnish two cars of flour for the starving Russians. Today the secretary received a letter stating that it is too late to send the flour. The board of trade has decided to send a draft for the cost of the flour to Clark Burton of the Red Cross association at Washington.

The strike at Trow's saw mill is ended. The demand of the employees that ten hours be considered a day's work was granted and no more trouble is anticipated. The strike affected eighty men.

The Dill Pride

By CLARISSA MACKIE

Clementine Dill watched her aunt's flying fingers as they flashed in and out of the secret yarn. Miss Emily Dill was knitting a sweater for Clementine.

"I am glad I chose scarlet," said Miss Dill, tapping Clementine's smooth head with her ivory needle.

"It is pretty," agreed Clem, dreamily.

"It will give you some color child. You are as pale as war berries. I am going to call on Mr. Brown."

"Aunt Emily, please!" Clementine looked distressed. I am quite all right. I don't get out of doors as much as I used to, but I will take a long walk every day after this."

Miss Emily looked intently at the girl and nodded as her own daughter. She had always meant well by Clementine, and they had always been so happy together in the old red brick house on the north slope.

"Why," asked Clementine, with wonder in her big blue eyes, "did Jerry Landers had going a-wooling?"

"Jerry Landers? No!" announced Miss Emily coldly. Emily Dill niece? No! Jerry Landers? No! Jerry Landers? No!

FOR GIRLS TO MAKE

A funny little turtle met a funny little man upon the dining table one fine day. Said the funny little turtle to the funny little man, "Pray tell me, how did you get that way?"

The funny little fellow said, "I'm simply made of prunes; two large ones for my body's what it takes, with two to form each hand and arm, and two to form each leg; a smaller one each for most neatly makes."

"Judicious use of toothpicks keeps me held together well, a marshmallow was used to make my head. My features, as you may observe, are made of bits of cloves—a nifty looking man am I?" he said.

The funny little turtle flapped his tail and said with scorn, "You really aren't a wonder, for you see, they took a nice fat raisin and four little feet of cloves and two for head and tail—and there was me!"

ONE REEL YARNS

COUSIN MARION

"Dick," said Mother, looking up from a letter, "you have a new cousin. Your Uncle Henry has married a lady with a child just your age, named Marion. They are coming to see us. Now you must entertain your little cousin. I shall depend upon you to see that Marion has a good time."

"Gee," sighed Dick, "why couldn't she have been a boy? Now I suppose I can't go swimming or anything."

During the next days Dick looked out upon a world of gloom. The Boy Scouts were going camping, and you couldn't take a girl to a Boy Scout Camp. And there was a circus coming. Would cousin Marion be "game" to get up at dawn and watch them unload the elephants?

Dick decided that the best way to handle cousin Marion would be to scare her to death the first day.

So, on the day scheduled for her arrival, Dick retired to his room, donned his cowboy outfit, grew himself a fierce set of burnt cork whiskers, loaded both his pistols, coiled his chain-link light on his hip, and called down to tell his mother that he would meet her at the station, sneaked down the back stairs and hid in the baggage room until he heard the train pulling in. He giggled with glee as he heard the train chugging over Cousin Marion's yellow curls for she was probably the curly-headed kind.

The minute Dick saw his Uncle Henry emerge from the train, he grasped his pistol, and, dashing across the platform with a blood-curdling whoop, let fly his gun. Just as Cousin Marion stepped on the platform, to his huge astonishment, Cousin Marion let out an answering whoop for she was not a curly-headed girl, but a red-headed girl.

FOR BOYS TO MAKE

In the barn lives Big Chief Cornob, bold and strange old chief is he; rules his tribe and knows no mercy, just as fierce as he can be.

Made him on one rainy morning; took a cob of suited size—on the larger end I charcoaled nose and mouth and heady eyes.

Cheeks were red with crushed cranberry, round round humped his clothes to form, bonnar made of chicken feathers, got him blanket bright and warm.

In a quiver made of corn husks arrows made of twigs are found; with a bow of cord and willow, Big Chief Cornob scouts around.

SEALS ON THE MARCH

The Alekian fur seal that breeds on the Pribilof Islands passes the winter far south of these islands, then in March migrates north once more. They travel in herds, in regular file, a thousand are seen traveling together in the open sea.

A keeper of the lighthouse on Farallone Island, west of San Francisco, says he has noticed these huge herds advance in a line several miles long from the south, and when they reach the island they halt for a minute and then swing round like well-trained soldiers and swim off toward the northwest.

The Pribilof Islands, their home, are north of the Aleutian Islands in the Bering Sea. They belong to Alaska.

# ONE-EYED MOOCHER VISITS LA CROSSE AND TAPS EDITOR

Connelley, Champion Gate Crasher, Spent Few Hours in City Thursday

La Crosse had an unusual visitor Thursday in the person of One-Eyed Connelley, world's champion moocher and gate-crasher.

It is Connelley's pride that he has seen all the big fights, and other sporting events, in the last twelve years without ever paying a cent for his ring-side seat. He saw the Carpenter-Becker fight in London, which was a most exclusive affair, the Willard-Campsey 20 in Jersey City, and his scrap-book contains notices of his presence at every other championship bout one could name.

"I go in as an employe, an usher, or anything else that will do. If I can't get a job I just sneak in. Once I got into Madison Square Garden carrying a step-ladder to look like an employe. Several times I have wrapped up a cake of ice and told the gate-keeper it was sent for by one of the main eventers. There's hundreds of different ways to crash the gate, but there's no way to keep Connelley out."

Connelley was once a bantam scramp, back in the days when Johnny Coulam was the king. In a bout his string of his glove swished into his left eye and put it out. Since then he has mooched for a living, varying it with an occasional excursion into the paper-selling field. He wanted a job with the Tribune as a street seller, but there was no opening. So he compromised by being the editor for forty-five cents to get a patch put on his pants, and said he was leaving at noon for Dubuque.

"I don't pay fare," either, he explained. "I've travelled the world and I've got to pay for a ticket. When's the next good train for Dubuque?"

don't want no local. I gotta travel fast." Informed that the Oriental Limited left at 12:35 on the Burlington, Connelley smiled and informed the world that he'd "make her easy."

Then he rambled out to get the patch put on his pants. EDGERTON TO HAVE A KIWANIS CLUB JAMESVILLE, Wis., Edgerton, Wis., will have a Kiwanis club as the result of a meeting held Wednesday evening with the Kiwanis club of Jamesville as sponsors. The first meeting of the new Edgerton club is Tuesday, April 25.

## Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

SILVER WEDDING IS CELEBRATED BY THE EMIL OLSON FAMILY

At their home, 2826 Mormon Avenue, Mr. and Mrs. Emil Olson celebrated a most delightful silver wedding reception on Thursday evening in compliment to the 25th wedding anniversary. The rooms were made wonderfully for the occasion, a coloring of pink and white featuring the decorations. The big porch was converted into a rustic bower trimmed with garlands of pink and white cherry blossoms and many Japanese lanterns hung amid the boughs. The service was held in the dining room with all in table in the dining room was all in silver and white, quite unusual and very pretty. The catering was a large wedding cake, beautifully decorated in silver and gold leaves, which was the gift of Miss Josephine, who also made cake. At the head of the table was seated the bride and groom, with the bride in a wedding dress with the silver trimmings. Presiding at the table were Mrs. Charles Rawlinson and Mrs. Ed. Mrs. Charles Rawlinson, serving the coffee. These ladies were assisted by the Misses Helen Stellingware, Helen Martin, Helen Rawlinson, Florence and Mildred Olson. A splendid address was made by Rev. Henry Andrews, pastor of the Mormon Center Lutheran church, who officiated at the marriage twenty-five years ago. Following this, Mendelssohn's Wedding March was played by Miss Viola Martin, who also sang several vocal numbers. The bride and groom were surrounded by a large bouquet of silver lilies of the valley and roses, tied with a large bow of chiffon. One hundred and twenty guests were entertained each receiving a carnation as a souvenir of the event. Beautiful gifts of silver and many telegrams were showered on the happy couple.

THE Y. P. S. of the Reibel Lutheran church meets Friday evening at 8 o'clock and will be entertained by Miss Martha De Groot and Mr. Ray McGehee. The church orchestra will play and other musical numbers will be given. Everyone is cordially invited.

# DECLAMATORY EVENT AT HIGH SCHOOL IS FEATURE FOR TONIGHT

Girls Contest Expected to Draw Large Audience at the Local School

The girls' declamatory contest is expected to draw a large crowd to the high school auditorium tonight. The contest is regarded as a feature of the year. The winners of this contest will compete in the state contest to be held at the La Crosse Normal some time in May. The winners there try for the State title at Madison.

Roberta Lannette who won the first honors in the local contest, will represent the "Soul of the Violin." Margie Bartz will present "Saint John's Feast." These girls are coached by Miss Baise, dramatic coach in the La Crosse high school.

The contest will begin at 7 o'clock sharp and will continue until 10 o'clock. Admission of fifteen cents will be charged for the declamatory contest. If the people not attending the declamatory school activities would come they would discover that real talent is presented by these high school students, not mentioning the hour of enjoyment which they are sure to receive. Look into the life of the school, and see what is being accomplished.

## GENOA DELEGATES SHOWING DISTRUST OF ONE ANOTHER

GENOA.—By The Associated Press.—The Genoa conference has reached a stage where several of the delegations appear highly distrustful of one another, and the delegates are now concentrated in the heart of the city where they can watch one another closely.

Prominent members of the small delegations which were scattered along the Mediterranean coast from here to Rapallo packed their bags over night, and abandoned their luxurious villas and settled in any small room they could find along Genoa's slanting main street leading to the conference halls.

## STATE MINE SCHOOL FINDS PROCESS FOR SAVING WASTE ORE

Discovery Means Saving of Over Half a Million Every Year

MADISON, Wis.—Discovery of a process that will result in the recovery annually of over \$500,000 in zinc and lead ores, has just been made by the Wisconsin Mining school at Platteville, according to announcement of John Callahan, superintendent of public instruction. Large production of limestone valuable as fuel will also result from the finding, it is said.

Efforts of mine operators in the lead zinc district of the state, to find a means of saving the fine tailings and sludge carried by the waste water, were unsuccessful, before the mining school was asked to study the problem of reducing this great loss.

After extended study of the possible methods of recovering the mineral previously lost when the ore was broken down to bring out the lead and zinc, the specialists assigned to the work, discovered that by screening the tailings and then treating this product on concentrating tables, they were able to produce a low grade zinc-lead-iron concentrate. This concentrate was then treated by oil flotation, which made it possible to separate the zinc, lead and iron minerals into distinct high grade commercial products. Report was made that the equipment needed to carry out the operation is comparatively simple and inexpensive, and the cost of operation low, so that the value of the waste products thus saved will largely exceed the cost of recovering them.

Mine operators in the district expect that their savings will amount to hundreds of thousands of dollars each year as a result of the discovery by the mining school. Previously these tailings and sludge have been considered as waste material.

Los Angeles architects have formed an association to assure better buildings in that city.

# SEINING CURB IS SEEN FOR SLOUGHS AT PRAIRIE DU CHIEN

McGregor, Ia., Hook and Line  
Fishermen also Confer to  
Save Breeding Grounds

PRAIRIE DU CHIEN, Wis.—As the outcome of the conference of Prairie du Chien and McGregor hook and line fishermen with W. E. Barber, chairman of the Wisconsin Conservation commission at the Court House at Prairie du Chien Wednesday night, the closing of Horseshoe Lake, Gerard's Lake and Black Slough of the Mississippi in the Prairie du Chien-McGregor vicinity seems assured. The measure prohibiting all seining will go into effect, local sportsmen jubilantly believe, within a very short time.

About 40 Prairie du Chien hook and line men, and half as many commercial fishermen who had come to register protest, attended the meeting, but the real pep came when the Northwestern Iowa Game and Fish Protective association sixty strong, with the band playing "There'll Be A Hot Time" arrived to bolster up the Wisconsin hook and line men's fight to save the game fish. They appeared, late, wet and muddy but with a burr after an exciting journey through Mississippi's river waters. The first lay of the trip had been made in P. C. Bell's handsome cabin cruiser, "The Arbutus."

Arriving at Prairie du Chien the sportsmen found the west side of the town under water, all except the Milwaukee railway tracks. With skiffs tied at the doors of houses and stores. Some of these boats they commandeered and after considerable overloading, due to hazardous overloading, conflied with floating debris etc., they managed to land up town. The band playing from the skiffs in the dark flood scene created no little diversion for the thronged populace.

## LA CROSSE COUNTY ELIMINATES FRUIT PEST BY SPRAYING

WHITEWATER, Wis.—Fruit trees on more than three hundred properties in this section are being sprayed for San Jose scale, to head off the most extensive infestation of this insect in Wisconsin. The work is being done by representatives of the state department of agriculture.

Apple and plum trees are killed by this scale insect and the spraying of the department officials is expected to result in a saving which otherwise could not be expected. Other cities in the state reporting the scale are Milwaukee and Kenosha, while it has recently been eradicated by spraying campaigns in Racine, Beloit, Sheboygan, Rochester and La Crosse.

## PROBE DEATHS OF THREE CHILDREN FOUND ASPHYXIATED

HOUSTON, Tex.—Authorities are investigating the deaths of three young children found huddled together in bed Thursday morning.

The dead are William Mathis, 10; Elizabeth Mathis, 8; and Horace Mathis, 6.

The children lived with their father and grandfather, their parents being separated. According to police evidence indicates they were deliberately murdered. Three gas burners in an adjoining room were open, outer doors closed and windows stuffed.

## SHIP NEW PLANE TO FLYERS ATTEMPTING OVERSEAS FLIGHT

LISBON.—By The Associated Press.—A new hydroplane will be shipped by the government to St. Paul Rocks to enable the naval captain Constantino and Scudera to resume their trans-Atlantic flight, interrupted by the virtual destruction of their machine in landing on the rocks. It is believed it will be two weeks before the airmen can resume their journey.

Millions of lightweight copper coins have appeared in Shanghai.

## SOLDIERS FROM 30 STATES LAID TO REST IN ARLINGTON

WASHINGTON.—The rally of those of America's overseas dead who are to sleep forever in Arlington

cemetery, was completed Thursday when the bodies of four officers and sixty-two enlisted men who died in France were buried with special military honors. Secretary Weeks and Maj. Gen. Harbord, deputy chief of staff, were present during the ceremonies as a mark of special honor to the dead because with the home com-

ing of these bodies, the task of bringing back from France the 45,000 of the dead whose relatives desired that they sleep in American soil, has been completed.

The ceremony Thursday took on a national aspect as there were men from more than thirty states among the dead who were laid to rest.

## MOUNT VERNON ESSAY CONTEST WON BY BOY OF 13 AT ELKHORN

MADISON, Wis.—Ben F. Carter, 13, eighth grade pupil at Elkhorn, Wis., won, first prize in the essay

contest on "Mount Vernon." John Callahan, state superintendent of public instruction, announced Friday, Marion McKee, 13, eighth grade pupil at Richland Center was second, and Adeline Lee, 11, sixth grade pupil at Chippewa Falls, was third in the contest.

Mrs. Mary E. V. Hanks, vice regent

for Wisconsin of the Mt. Vernon Ladies' association of the union, offered prizes of \$15 for first place, \$10 for second and \$5 for third place.

# DECIDE ON STRICTER QUALIFICATIONS FOR TEACHERS IN STATE

Must Have at Least Three Years  
of Schooling after High  
School Graduation

MADISON, Wis.—More stringent qualifications required by the state superintendent of public instruction before granting special licenses to teach in Wisconsin, were announced Thursday by Superintendent John Callahan. The new requirements were decided upon at a recent meeting of the state board of teachers' examiners.

Under new rules, candidates presenting themselves with credentials not showing graduation from college must have at least 3 years of college work beyond high school graduation in order to be considered. At least six of the twelve credits required must be in education, and no license will be renewed unless the candidate presents evidence of three additional credits in education and three further for a life certificate.

This will require that those deficient in such credits must attend a summer school or carry on correspondence work if they desire to teach next year under authority of a state license. All rural school teachers must have taken one year of professional work before they are entitled to obtain a county certificate unless they have had two years of successful experience in teaching.

## IMPROVEMENT IN JOB SITUATION IS REPORTED BY U. S.

WASHINGTON.—A decided and continued upward trend in employment throughout the country during the past thirty days was reported Thursday by the president's conference on unemployment. For every 100 jobs available there are now 160 applicants as compared with 220 applicants in January, the statement said.

## Dorothy Dalton's Beauty Chat

LOS ANGELES, CAL.—Miss Dorothy Dalton, the actress famous the world over for her beautiful complexion, says: "Any girl or woman can have a beautiful complexion and clear skin like mine if they will follow my advice and use Derwillo in combination with Liska cold cream. Both are simple but very effective toilet preparations. I use Derwillo for the instant beauty it imparts and Liska cold cream to cleanse the skin, and make it soft and smooth."

It is easy to apply, absolutely harmless, and has a marvelous effect upon the skin. On a application proves it. Try this combination today on your face, neck, hands and arms, and you will be delightfully surprised. Derwillo comes in three shades: flesh, white and brunette. For sale at the toilet counters of all department stores, druggists, including Haebschler Bros.

## BILLION GALLON GAS RESERVE PREDICTED BY BUREAU OF MINES

WASHINGTON.—A billion gallon storage reserve of gasoline was forecast by the bureau of mines Thursday in a report showing a reserve on March 1 of \$18,500,000 gallons, the largest in the history of the country. The March 1 total is an increase

of 112,000,000 gallons over the reserve of February 1 and is above the high figure of May 1921 by 18,000,000 and 138,000,000 gallons more than March 2 year ago.

"At the present rate of increase in storage," says the report, "the billion gallon point may be reached in the gasoline reserve before the seasonal decline in stocks commences."

A new process has been discovered whereby alcohol and yeast can be made from seaweed.

## Refinish Unattractive Surfaces

Tables, chairs or other furniture that has become marred and shabby. Doors that are worn and unsightly, woodwork on which the finish is no longer attractive. ## CORNS

In one minute  
corns stop hurting  
—remove the cause  
and gain relief

It's really wonderful how quickly Dr. Scholl's Zino-pads—the only treatment of the kind—bring relief. Hoarseness is immediately relieved. The tender spot is protected against pressure and irritation. Zino-pads are thin, antiseptic, waterproof. Absolutely safe! Get them at your druggist's or shoe dealer's.

## BIG ULCER ALL HEALED

"Now I Can Walk," Says Mrs. Southcott of Medina

"There is another letter that makes me happy," says Peterson, of Buffalo. "The fact I would rather have than a thousand dollars."

Money isn't everything in this world. There is many a big hearted, rich man who would give all he has on earth to be able to produce a remedy with such purely healing power as Peterson's Ointment, to sell at all druggists for 25 cents a large box.

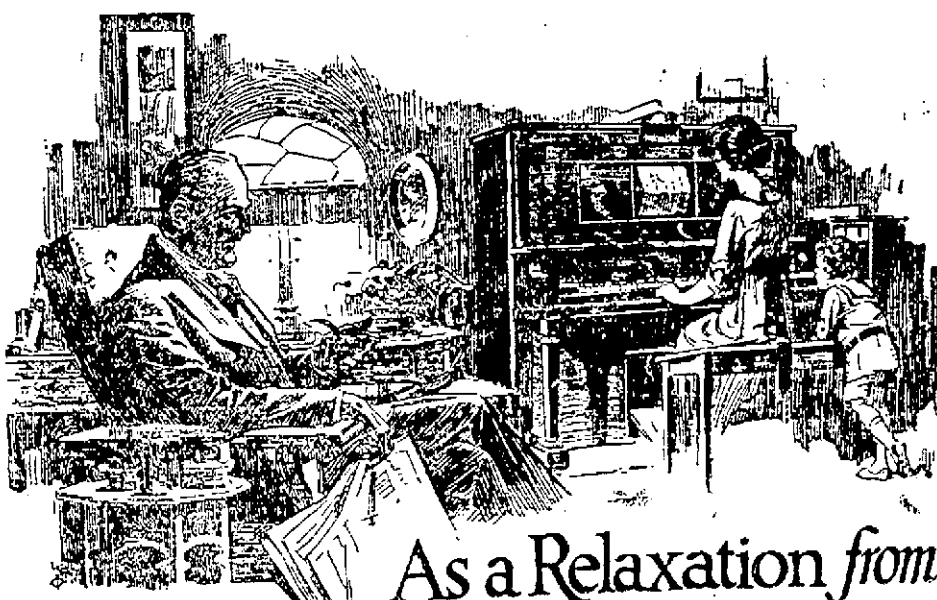

Read this letter, written February 14, 1921, by Mrs. Albert Southcott, of Medina, N. Y. It seems like a miracle, but it is true, every word of it.

"I know it because I get similar letters almost every day from people who have used my ointment for old sores, eczema and piles."

Dear Sir:—

"I was an untold sufferer from an old running sore and ulcer. I had tried most everything with but no relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me since in years, and after using just one dollar's worth of the salve I am cured. The ulcer was 3 inches by 6 inches, is all healed and I can walk. Never, never will I be without Peterson's again."

"You may use this to recommend your ointment if you wish. I cannot say enough to praise it. Yours truly, Mrs. Albert Southcott, Medina, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y."

## As a Relaxation from High Tension Effort— Music Has No Equal

YOU BUSINESS MEN! Weary of mind from the harassing problems of the day—you need music to prime you for the efforts of tomorrow.

Music is an aid to a man's business career. It enables him to get the desired rest and relaxation necessary to send him back to business with a clear, active mind, which is so essential to success.

## Charles M. Schwab's Message to You

Charles M. Schwab realizes the importance of music and has said—"I have always believed that it is essential for successful business that a man be possessed of a love of music."

You can play music even though your fingers have not been trained to interpret the notes from the printed score. The new Playerpiano, will enable you to play your old favorite songs just as you like to hear them.

Don't fail to come in some day this week, and hear the new Playerpiano. It will prove a revelation.

## An Unusual Opportunity for Thrifty Buyers

During our Playerpiano Demonstration Days, we have reduced our prices to the lowest possible figure, and will arrange the easiest possible terms so that now you need no longer deny yourself the privilege of having the best music in your home.

If you really want to practice thrift—now is the time to prove it. Remember—this is one of the greatest Playerpiano merchandising events that La Crosse has ever seen. Do not miss it.

# MERCHANTS TO MEET WITH THE JOBBERS BUREAU

Plans to be Outlined Monday at Dinner for Made in La Crosse Week

There will be a dinner and joint meeting of the Manufacturers and Jobbers and Merchants Bureaus at the Chamber of Commerce on Monday April 24 at 6:30 p. m.

This is a get-together meeting preliminary to the "Made in La Crosse Week" that will be pulled off within the next few weeks.

The purpose of this meeting is to thoroughly familiarize Manufacturers and Jobbers with the Committee's plan for conducting an intensive selling campaign prior to "Made in La Crosse Week" and to give the Retailers in La Crosse a thorough understanding of the entire campaign.

This campaign and display was unanimously endorsed at the meeting of the Merchants Bureau on April 17.

# PUBLIC EDUCATION ONE OF WISCONSIN'S LARGEST INDUSTRIES

Forty Million Annually Spent for Education Figures of Fitzpatrick Show

MADISON, Wis.—Public education is shown to be one of the largest industries of the state, by figures compiled by E. A. Fitzpatrick, secretary of the state board of education.

The annual expenditures on public education in Wisconsin are approximately \$40,000,000, it has 18,000 employees; and it affects the welfare of everyone of the 2,500,000 people in the state. The educational plant is worth many additional millions of dollars.

"Until recently this great business of the state has been conducted on a routine basis, it has been a kind of a hand-to-mouth existence," Mr. Fitzpatrick said. "An industrial organization of this size would have what the scientific managers call a 'planning department,' and it is this day that the state board of education fills."

# WHAT HAPPENED IN ROUND 2 SHOWN IN BIG FIGHT MOVIES

The authentic motion pictures of the Dempsey-Carpentier boxing contest held in Jersey City on July 2 will be the special attraction at the La Crosse Theater starting Saturday.

Tex Rickard, promoter of the match between Jack Dempsey and Georges Carpentier, is sponsor for the pictures, which may be taken as sufficient guarantee that they are "the real thing." More than twenty cameras were used.

Much has been said of Georges Carpentier and that famous second round, when the world's championship held by a single thread. Much also has been said of Jack Dempsey and his infighting tactics. But only the accurate, unerring eye of the motion picture camera has been able to positively register each and every detail. Hence the pictures should prove an interesting study.

# SAND COLOR AND GREEN FEATURED IN SUMMER HATS

NEW YORK.—Sand color and bright emerald green will be the prevailing shades in women's mid-summer and fall millinery.

These two colors have just been selected by the Metropolitan Displayment club as the ones to be featured in retail stores throughout the country and shown in display windows here at the summer millinery opening, May 2.

They were chosen from a group of twelve colors suggested by the Textile Color Association of America.

# RUMMAGE SALE WILL BE OPEN ON NEXT SATURDAY

The Community Council Rummage Sale, which has been conducted the past few days in the store on south 4th street will be open from 1 o'clock to 6 on Saturday afternoon to finish up the sale.

If you have not sent your "treasures" to the sale as yet, you may call Mrs. Kinnear 112 or phone Mrs. John Blair 2560-M and things will be called for Saturday morning.

# LOCAL MAGICIAN TO APPEAR AT THE STRAND

A very clever slight of hand artist will appear at the Strand Theater tonight and Saturday night. This magician will present many seemingly impossible tricks that keep the audience guessing all the time, and proves beyond a doubt that the hand is quicker than the eye. Mr. Hordant is a finished artist in this line, and while in the service he entertained the A. E. F. with his clever stunts.

The feature picture to be shown in conjunction with this clever performance will be "The Hush of the Father," an exciting western drama.

ACTORS MARRY  
UNIVERSITY. CARL — Edward (Hoot) Gibson, a motion picture actor, and Helen Johnson, vaudeville actress, were married here Thursday.

## "FOOLISH WIVES"—RIVOLI

Just two more days remain for those who want to see "Foolish Wives" at the Rivoli theater. This enormous production, perhaps the most expensive ever produced depicting modern social conditions, will close Saturday night after a highly successful run during which nightly crowds have been impressed by it, and observed its lesson. But most of all "Foolish Wives" scores by the veracious realism of its scenes and the magnificent way in which it is staged throughout. Von Stroheim, who makes one of the best-hated villains you can imagine, is also a consummate screen director, and the million Carl Laemmle spent on the film, is one of the seven wonders of the film world. It is a picture filled with thrills, the object of which, one suspects, is to drive home the lesson that American men make the best consorts for American women, and certainly it drives home that message with force and punch. But after all is said, the accurate, indelible picture of life at the exotic gambling hell of Monte Carlo is what gives the picture its greatest effect. Similar pictures have been done before for the movies, but never with such success or with such lavish generosity of detail and perfect accuracy.

## "THE FAITH HEALER"—MAJESTIC

George Melford's picturization of William Vaughn Moody's celebrated play, "The Faith Healer," a remarkable photoplay, scored a decisive hit at the Majestic Theater last night. The theme is a vital one and the production as a whole is massive, impressive and signally beautiful. There are several powerful situations in the picture and like "The Miracle Man," it stands out distinctly head and shoulders above the average film production. Milton Sills, the leading man who has the role of the shepherd who becomes a faith healer and later falls in love, was excellent. Ann Forrest, the leading woman, was sympathetic and artistic. The support generally was of the finest grade.

## STRAND TODAY

Yesterday's audience at the Strand Theater grew hot and cold by turns over "The Hush of the Father," which, if the pun will be pardoned, we wish to state is a rattling good Western melodrama, presenting J. P. McGowan in his best role since the days when he and Helen Holmes used to thrill with their railroad dramas. There's a railroad thrill in this, an added measure to other suspense-

ful moments of plot and action. The cast is excellent, headed by pretty Marion Rich, and by Jean Perry, Stanley Pitt, G. M. McGregor and others.

## RIVIERA TODAY

Individuals who have complained that screen fights are usually of a pink tea variety will find a fistic encounter after their own hearts in Bert Lytell's new Metro picture, "The Fight That Failed," now showing at the Riviera theater.

Bayard Veley, who directed the picture, and the athletic Bert staged a ring contest that left the star bruised and out of action for several days. But Bert also managed to inflict some effective punishment on his screen opponent, William Elmer, a professional fighter.

"The Right That Failed" is an adaptation by Lenore Coffee of J. P. Marquand's Saturday Evening Post story. The cast includes Virginia Velli, De Witt Jennings, Otis Harlan, Philo McCullough and Max Davidson.

## MURDERER PLEADS GWN CASE AND SAVES HIMSELF FROM CHAIR

OMAHA, Neb.—Otto Cole, who pleaded his own case, saved himself from the electric chair for the murder of Harry Hahn, Omaha, pawnbroker, shot to death recently. A jury in district court Friday returned a verdict finding him guilty of murder and fixed the penalty at life imprisonment.

Cole conducted his own defense and showed remarkable ability as an attorney. He contended he killed Hahn following an argument over a loan on a watch.

# FRECKLES BARRY WILL TAKE YOU BACK TO KID DAYS IN "PENROD"

The boy who has worn part of a cast off garment of an elder member of the family will be able to appreciate the humor that Marshall Neilan has injected in the daily life of "Penrod" in the title role of his latest attraction at the Rivoli Theater next week.

Penrod's thoughtless, but well intentioned escapades are followed through the formation of the American Boys' Protective Association into various tangents.

All disciplinary mentors are enemies of the organization—the corner policeman, who apprehends violators of the nine o'clock curfew law, the church deacon who forbids roller skating outside his home, the paternal tyrant who demonstrates that children must be seen and not heard and the traffic cop who refuses to recognize genius in the novel two-

wheel contraption which is an invention of one of the boys, and arrests the owner for blocking traffic.

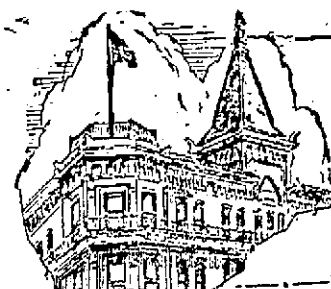

Sixty million chairs have been manufactured in Carder, Mass., since the industry was first established in that town a century ago.

## CONNER READY TO ENTER RACE FOR BADGER GOVERNOR

Former Lieutenant Governor Reported Receptive Candidate for Nomination

MADISON, Wis.—W. D. Conner, Marshallfield, well known lumberman and former lieutenant governor, was reported here Friday as intending to submit his name to the convention of the Committee of Forty-Four as a candidate for governor in the September primaries.

Mr. Conner served for several years as chairman of the Republican state central committee in Wisconsin, and has been active in politics for the past 25 years. He is said to be willing to finance any decision that the convention in Milwaukee, June 1, makes with regard to candidacies.

William J. Morgan, attorney general, has already announced his candidacy for the office subject to action of the June convention, while Edward L. Palmer, former lieutenant governor, has expressed his willingness to run if named by the June meeting.

Although Henry Johnson, state treasurer, refuses to make any statement either confirming or denying the report that he is being considered as a gubernatorial candidate, it is known that his name is being prominently mentioned.

Indications are that a large number of candidacies will present their names to the convention for each of the state offices. Interest is now centering in the May 10 county meetings at which delegates to the June gathering will be selected.

## WASHINGTON SCHOOL NOTES

The Parents and Teachers association of the Washington school will hold a meeting Thursday, April 20. There will be a moving picture show followed by a social hour when light refreshments will be served.

All parents are urged to show their interest in the welfare of the school by a full attendance.

On Tuesday afternoon the Mothers' Circle of the Washington school held an interesting meeting in the kindergarten room.

Miss Myra Kimball, school nurse, gave a very instructive talk on the contagious diseases of children. Much valuable information was given regarding the care and prevention of these diseases. An informal discussion followed the talk.

Plans were laid for the kindergarten fair to be held in May.

At the close of the meeting light refreshments were served.

## LA CROSSE COUNTY SENDS 20 DELEGATES TO G. O. P. MEETING

Choice of Delegates to Citizens' State Conference to be Made May Tenth

MADISON, Wis.—The choice of 208 delegates and the same number of alternates to the Citizens' Republican state conference to be held in Milwaukee June 1, under the direction of the Committee of Forty-Four, will be made in the 17 counties of Wisconsin, May 10.

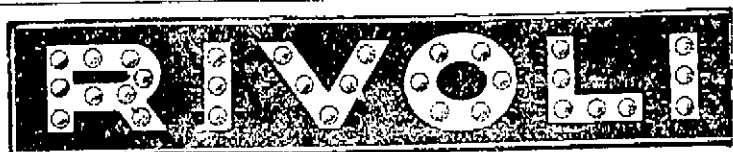

Selection of the representatives is to be made on the basis of one delegate and one alternate to each 500 votes or major portion of 500 votes cast for the republican presidential elector receiving the highest number of votes in the county in the last presidential election.

Under this plan of selection Brown

county will have 18 delegates, Chippewa county 14, and Dane county 46. Douglas county 15, Eau Claire 16, Kenosha 20, La Crosse 20, Manitowish 17, Marinette 12, Milwaukee 147, Racine 29, Rock 32, Sheboygan 21, Winnebago 24, and Outagamie 22.

The same number of alternates will be selected by the county conferences at the same time.

When this conference is assembled in Milwaukee, June 1, it will be as representative a group of independent and republican voters as has ever been assembled in Wisconsin.

CHICAGO, Ill.—Dr. Elias Evans, president of Ripon college, Ripon, Wis., presented his objections to the educational views of some specialists like Henry Ford, Thomas Edison and William Jennings Bryan, at a meeting of the Presbyterian union, Thursday night.

"Henry Ford knows more about automobiles than I do," said Dr. Evans. "But I know more about the history of the United States, about which he is trying to instruct this nation."

"Thomas Edison is a wizard in electricity, but when he discourses on immortality he is talking without knowledge."

DO NOT MISS THIS WONDERFUL PHOTO DRAMA!

THE BLACK PANTHER'S CUB presents the great Florence Reed at the height of her career in her greatest photo drama, supported by the greatest cast of stage stars in picture history.

With the face of a Madonna and the heart of a panther, lived a woman of wealth and power, in Paris. How she compared herself to Faustine, Rome's cruel Empress of bygone days, and rose to dizzy heights, only to be dragged into oblivion, weaves itself into a cinema drama of untold wealth of dramatic action, sensational scenes, and photographic splendor.

# FOLK SONGS FEATURE UNIVERSITY'S RADIO CONCERT FRIDAY EVE

Increase in Power to be Made When Warmer Weather Comes on

MADISON, Wis.—Folk songs representative of many nations will feature the broadcasting radio program of stations W H A at the University Friday evening. The weekly program will start at 8 p. m. on a wave length of 360 meters with the reading of the radio press bulletins and special announcements.

At 8:15 Prof. Edgar B. Gordon will begin the musical program which will run until 9:30 with a period of quiet when Arlington sends time at nine. The musical selections constitute the fifth of a series of talks on the appreciation of music. Among the selections on the program are the Welsh folk song "All Thru the Night," "Santa Lucia," the Russian song of the "Volga Boatman," "Molly on the Shore" and other similar songs.

Announcement has been made by Chief Operator Malcolm Hanson of the University that an increase in power will be made shortly. This is necessary to maintain communication in the warmer months when atmospheric conditions are not as favorable to radiophone work.

## BADGER DEAF SCHOOL MAKES GOOD RECORD

Has Six Pupils in National College Where Other Midwest States Are Unable to Place Any

MADISON, Wis.—The Wisconsin School for the Deaf at Delavan has made a remarkable record compared with some of the other middle western states, has just been disclosed by T. Emery Bray, superintendent of the Wisconsin School for the Deaf. There are now in Gallaudet College, Washington, D. C., the federal school for the deaf, six graduates of the state school at Delavan. No students are admitted to the government school except on examination. Diplomas of other institutions are not accepted. For this reason the rank of the various schools is easily determined. While Wisconsin has six students in this federal institution, neither Illinois or Indiana have been able to pass any students within the last few years because of the stringent examination requirements.

"There are now in the Wisconsin School for the Deaf at Delavan, 164 pupils," said Mr. Bray today. "Mothers having children with defective hearing should come to Delavan to see the advantages of this institution. There is such a demand for those who complete the course of study that there are no difficulties in placing

the students in self-supporting, honorable positions. The one difficulty of the school is that during the summer months boys taking the course find positions so lucrative that they do not always desire to return to complete their course. Courses are given in school on linotyping, carpentry and agriculture, baking and shoemaking. For the girls domestic science and millinery.

Governor Blaine has shown a deep interest in this institution. Ever since he visited it last summer he has referred to the work being done and in many speeches with the result that many persons are becoming acquainted with the institution who heretofore had no knowledge of its work.

## Eat and be merry!

Here's the appetizing zest of sun-ripened tomatoes, the mellow tang of a fine cheese, and the body-building nutriment of hard-winter wheat. The dry spaghetti is made by Heinz. So is the Tomato Sauce. The cheese is a special selection. The cooking is done in Heinz spotless kitchens, after the recipe of a noted Italian chef.

Last Minute Rally Against Detroit Gives Speakerites Sixth Win

## TRIO OF MACK PITCHERS HAMMERED BY RED SOX

Yanks Raise Flag and Whip Senators, 10 to 3

DETROIT.—Cleveland beat Detroit for eight innings on Thursday, then rallied in the ninth after two were out, scored two runs and beat the Tigers by 5 to 4 in the opening game of the American league season here. It was the sixth consecutive defeat for the locals. Score: Cleveland, 5; Detroit, 4. Batteries: Bagby, Norton and Nunnemaker; O'Neil, Elme and Bassler.

Red Sox, 15; Macks, 4. PHILADELPHIA.—Boston married the Philadelphia American league opener by hammering three local pitchers for seven hits from which the visitors gathered between runs. Ears had four hits, including two home runs. Dugan and Smith also had home runs. The score: Boston, 15; Philadelphia, 4. Batteries: Dugan, Ebert and Perkins; Barker.

Yanks, 10; Senators, 3. NEW YORK.—The New York Yankees raised their 1921 championship flag here on Thursday and defeated the local American season by 10 to 3. Miller, who hit a home run on Thursday, Wednesday, hit another on Thursday with two men on bases. Score: New York, 10; Senators, 3. Batteries: Miller, Courtney and Garity; Jones and Schank.

CHICAGO.—Chicago captured in the local National league season on Thursday with a 3 to 1 victory over Cincinnati in a great pitching duel between Grover Cleveland Alexander and Pete Donohue. Score: Chicago, 3; Cincinnati, 1. Batteries: Alexander and Harthorn; Donohue and Wingo.

## SPORT BRIEFS

DENVER, Col.—Fred Fulton, Rochester, knocked out Bob Roper, Chicago, in the fourth round of a scheduled twelve round bout.

JERSEY CITY, N. J.—Facing the likes of Jokers, members of the Jersey City baseball club of the International league have threatened mutiny if Joseph F. Moran, club owner, insists on their wearing a peg leg emblazoned on their uniforms in honor of Peter Stuyvesant. The wooden pin of the Dutch colonial governor was absent when the team appeared Thursday for its opening game of the season.

POLICE FORCE ENTRANCE TO SUICIDE'S ROOM.

OMAHA, Neb.—The body of E. G. Tamm, 40, was found in his room at a local rooming-house late Thursday night when police forced an entrance after the rooming house proprietor expressed fears that Tamm was ill and had locked himself in. Tamm's throat was slashed and a razor lay near the body. A note to his mother, who lives somewhere in Wisconsin, together with a draft for \$250 in her favor, was found in the dead man's clothing. Tamm's divorced wife is said to live in Fargo, N. D.

## ELKS' BOWLING LEAGUE.

The Crowns won three games from the Soft Spots in the Elks' bowling league Thursday evening. The Dark Horses, Pickups and Pioneers won two out of three from the Wuzzers, Handlers and Maplenites. The Rumpers won two out of three from the Dark Horses in an extra match. The scores:

## MICHIGAN COMMISH PUTS BAN ON OPEN AIR BOXING SHOWS

DETROIT, Mich.—The state boxing commission has placed a ban on open air boxing shows. Complaints were made to the commission as to the conduct of some outdoor bouts held at night and it was decided all bouts hereafter should be held indoors. Several promoters had carried the game through the warm months by using baseball parks or other outdoor arenas.

PORTLAND, Ore.—Ad Santel, light heavyweight wrestling champion of the world, retained his title in a match here Thursday night with Louis Pergantas of Boston. Santel won in two straight falls.

## WHITE SOX WIN ON OUTFIELDER'S MUFF

Ellerbe Drops Pop Fly Allowing Two Runs to Chicago in First Inning

ST. LOUIS.—Frank Ellerbe, Brown's left corner man, muffed a pop fly in the opening frame of the first American league game here on Thursday and permitted two Sox runs to score, the Browns losing by 4 to 2. Shocker and Faber pitched good ball. Faber fanned the last three men to face him, while Shocker whiffed the last two opponents. Score: Chicago, 2; St. Louis, 4. Batteries: Faber and Shalk; Shocker and Seaverid.

Giants, 5; Dodgers, 1. BROOKLYN.—Brooklyn opened the season at home with a victory over St. Louis on Thursday with a parade and music, but lost to the world's champion New York Giants by 5 to 1. Score: New York, 5; Brooklyn, 1. Batteries: Douglas and Smith; Snyder, Smith, Marmak, Vance and Miller, Taylor.

Pirates, 10; Cards, 5. PITTSBURGH.—The Pirates opened the season at home with a victory over St. Louis, 10 to 5. The batting of Maranville, Tierney and Blalock for Pittsburgh and Hornsby's home run was knocked off the slab in the first inning, and Adams, who pitched for the Pirates, hit three in the first. Score: Pittsburgh, 10; St. Louis, 5. Batteries: Hornsby, Blalock, Adams and Maranville; Cooper, Adams and Gooch.

## SCHNEEBERGER WINS OVER WITTENBERG TO COP IRVINE TROPHY

The Irvine trophy, a handsome medal, was won Thursday afternoon by George Schneeburger as a result of his defeat of Wittenberg in the final five-game match to decide the winner. It was decided to roll the match games when at the close of the trophy competition. Wittenberg was high in percentage while Schneeburger was high in the number of matches won. There was doubt about who should be awarded the medal. The games were as follows: Schneeburger, 185, 163, 212, 204, 214—total, 884. Wittenberg, 190, 201, 205, 186, 187—total, 869.

The Reason? A contemporary states that it is not known why St. Andrew became the patron saint of Scotland. One theory is that he was the cheapest saint they could get.—Punch.

Crime Wave. The crime wave which has been sweeping over Germany since the war is attributed to the "drink craze," beer no longer satisfying the natives.

## WILE BROTHERS AND REIMANS TO BATTLE SUNDAY AFTERNOON

The Wile Brothers and Reiman Junior baseball teams are scheduled to meet in their first engagement of the season Sunday afternoon at the West Avenue Junior hall diamond. The game will be called at 2 o'clock. While the Wile Brothers have played before this season it will be the first appearance of the Reiman against Wile Brothers and Smoevog and Konechy have been selected to do the mound work for the Reimans.

## CONSIDERS BOUT BETWEEN PINKIE AND BENNY ON 4TH

CHICAGO, Ill.—Billy Mitchell, brother and manager of Pinkie Mitchell, had under consideration terms offered by Promoter Floyd Fitzsimmons for a bout between Pinkie and Benny Leonard, lightweight champion at Michigan City, Ind., on July 4. Fitzsimmons is searching for an opponent for Leonard. A series of championship contests are planned to be held in a new arena being built at Michigan City.

## DEMPSEY MAY TAKE ON BOB MARTIN IN LABOR DAY FRAGAS

Martin Must Defeat Roper and Brennan Before that Time; Go at Ebbett's Field

TERRA ALTA, W. Va.—Jack Dempsey, heavyweight champion pugilist of the world, and Bob Martin, heavyweight champion of the A. E. P., will meet in a bout at Ebbett's Field, Brooklyn, N. Y., on Labor Day in event Martin defeats Ben Roper and Bill Brennan before that time, according to Dr. S. M. Scott, an intimate friend of the soldier-boxer.

Dr. Scott said here that he had been advised by Martin that Jack Kearns, Dempsey's manager, had agreed to the bout and that Charles H. Ebbett would promote it. Martin is scheduled to meet Roper on Memorial day and plans for a bout with Brennan are being made.

PHILADELPHIA.—Joe Lynch, New York, and Jimmy Mendo, Philadelphia, bantamweights, boxed at eight round draw.

## LA CROSSE STONE CO.

## Real Six Cylinder Comfort for \$1065

Sixes run smoother, throttle down lower, pick up faster, climb better—do everything you want a car to do better than a four can do it. You'd sooner drive a six than a four.

And now that the Jewett Six is available at \$1065 F. O. B. factory, there is no reason why you should not have a six. No longer need you put up with the lesser abilities of a four when at this low price you can have not only such performance but also such strength and stability as is yours in the Jewett Six.

Paige-designed and Paige-built the Jewett is above all things a quality automobile. The 50 horsepower, 6-cylinder motor—larger and stronger than that used in any other car in its price class—is built complete in the Paige shops. It is the perfected output of a manufacturing institution that for years has built powerful, smooth-running, capable power plants.

Study the flow of this mighty power as it is delivered in the Jewett chassis back through clutch and gear, drive shaft and axle and you will find every essential unit remarkably strong and capable. Here is the sound, sturdy construction that will stand up under the hardest work. And it will last the longer in the Jewett because the inherently balanced, smooth-running six does not jerk and vibrate.

This Six of remarkable performance and unusual strength is available at this low price because of the unusual position of the Paige-Detroit Motor Car Company. With no bonded indebtedness, with great financial strength, with complete facilities, with a rapid turnover of capital, this company was able in producing a new six to take full advantage of the present materials market and to offer you real quality at a price never before possible in a really high-grade six-cylinder automobile.

Ride in a Jewett today and let it prove its strength and power to you in demonstrated performance. We ask the opportunity to prove to you to your own satisfaction that this six does beat fours.

## HUNDREDS INSPECT BUILDING EXHIBITS OF LUMBER COMPANY

Modern Material and Appliance to Make Homes Comfortable and Better Asset Shown

A sectional cottage for \$500; a sectional summer cottage for \$200; a sectional garage for \$135, \$175 or \$260.

Structures all ready to have a few nails driven in, after the sections have been hauled out to the lot you have selected for your home, and presto! the cottage is erected before your very eyes and that night you move in.

These cottages, models of which are shown at the building exhibit of the La Crosse Lumber and Supply company, in the old Security bank building in north fourth street, are one of the features of the show, which is now going on and to which hundreds of La Crosse home owners and prospective home owners have paid visits in the past few days.

If the old homestead is showing signs of wear on the outside, you may find a stucco finish at the exhibit that will make the place look better than ever. "Putting an overcoat on an old house" is the way the advertisement for the stucco finish reads. On Thursday workmen were busily engaged in preparing a section of the exterior of a frame house.

**RAT CORN**  
Kills  
Rats & Mice

For sale by John A. Sulzer Seed Co., James P. Straus, and also all good retail stores.

Application of the stucco is also to be a feature of the exhibit.

There are scores of other "new wrinkles" for making old houses more comfortable on display. The keynote of the exhibit is adding years of solid comfort to an old home by giving the place a new lease on life, such as practically everlasting shingles of natural asphalt and asbestos, insulations that keep out cold in winter and heat in summer, wall painting that makes walls look as though they were finished in the finest of papers; mixing a waterproofing product with cement that will keep water from seeping through the cement walls and floor of a basement.

The exhibit is a complete exposition of modern building materials, the last word in materials to make a home more valuable in a sale or more comfortable in which to live.

**Cuticura Talcum**  
is Fragrant and  
Very Healthful

Sample free of Cuticura Laboratories, Dept. X, Malden, Mass. 22c everywhere.

**WHICH DO YOU WANT?**  
or  
**THIS**

If you would like to have your hens lay as you never expected they would—if you would like to get eggs by the dozen where you now only get two or three try feeding them

**FUL-O-PEP**  
DRY O MASH

the new wonderful egg-producing feed manufactured by The Quaker Oats Co. FUL-O-PEP DRY MASH is a soft feed—finely ground and correctly balanced—a feed composed of animal foods, green foods, grain protein food—like the hen picks up herself in the spring. This feed is the raw material from which eggs are made—it only needs the hen's egg factory to put it in egg form. Give your hens all they will eat—keep it before them all the time and you will get lots of eggs. The Quaker Oats Co. guarantee it.

## Come To Our Building Exhibit April 17 to 22, at the Old Security Bank Building

The Devoe Interior Decorating Expert Will Show You How to Bring Out the Hidden Beauties of Your Home

WOULDN'T you like to have expert advice and color suggestions on how to make your old scarred furniture, floors, woodwork and bric-a-brac new-looking and artistic again?

Wouldn't you like to know how to transform rooms that are now lacking in distinction into gems of interior decoration?

That's just what the Devoe Interior Decorator will be here for.

She will show you how to brighten up the gloom spots in your home. She will show you how, with a little Mirrolac and Velour, brushes, and a few hours of time, you can add more beauty to your home than if you spent several hundred dollars for new furniture and decorations.

Mirrolac and Velour are wonder products. Mirrolac restores scarred surfaces to their original beauty as if by a "magic touch." It gives new expensive wood a finish that imitates perfectly the appearance of more expensive woods, such as Oak, Mahogany and Walnut.

Velour is the ideal Flat Wall Finish which perfectly illustrates a principle that every great artist insists upon: namely, that there is no necessary conflict between beauty and utility; but that they are rightly considered one and the same thing.

The Devoe Expert will be at the service of our customers on the dates noted above. There will be absolutely no charge for her advice. Come in and let her help you with your home decorating problems.

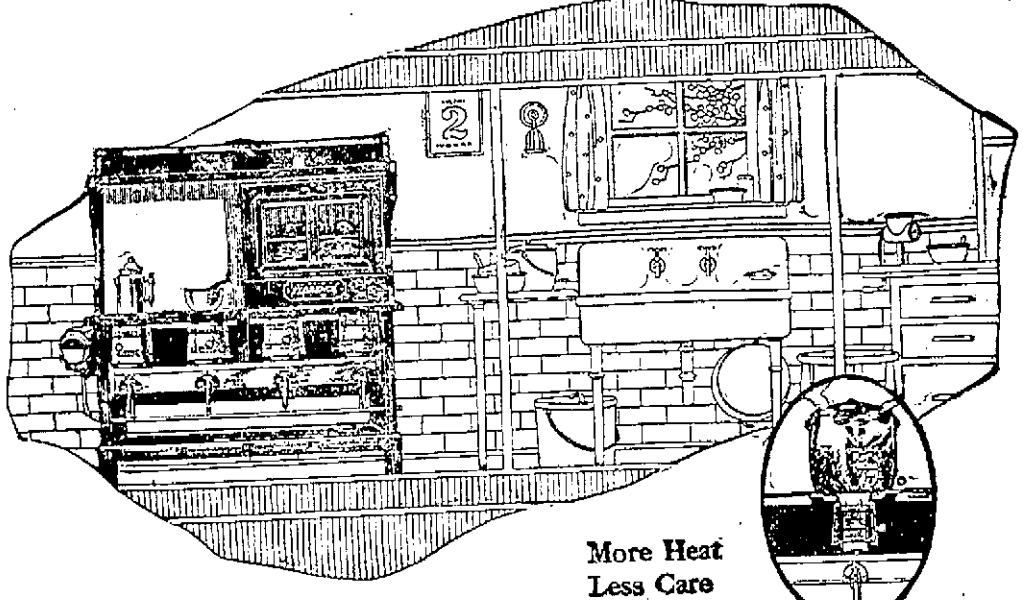

**La Crosse Lumber & Supply Company**

**FREE**

Present the coupon properly filled out, at our store during the dates noted and get a 30c can of Devoe Mirrolac Free or 30c off on a larger can. Free cans given to adults only.

## How The Tariff Bill Will Affect Your Purse

As everyone's pocketbook is touched by the tariff, either in its effect on prices or on prosperity, the stormy course predicted for the tariff bill reported to the Senate last week is a matter of profound concern to the average citizen, no matter how slight may be his affiliation with or interest in political parties.

It is "a bill to raise living costs and hamper trade," declares the New York **Journal of Commerce**. "It is something of a shock to learn, if the analysis of the Associated Press is accurate, that the rates of the bill are on the whole higher than those of the Payne-Aldrich law," remarks the stanchly Republican New York **Tribune**, which adds "if President Harding stands for reelection, it is scarcely fair to handicap him as was President Taft in 1912 by the Payne-Aldrich Act." "This bill," declares the Kansas City **Star**, "is a serious economic mistake," the immediate effect of which will be to increase the cost of living. The farmer, it adds, will find that the protection offered his products "is an illusion" while "the protection on what he has to buy will be real."

Turning to the Democratic press, the New York **Times** says that "the wild horses of the agricultural bloc have run away with the Republican party and the Senate Tariff Bill is the result." It is "protectionism run mad," in the opinion of the Richmond **Times-Dispatch**, which warns us that its effect will be to "impose an unbearable burden upon consumers throughout the whole country."

Among the friends of the Senate Tariff Bill, its official sponsor, Senator McCumber, characterize it as "the first national tariff bill in our history." "It will afford the American farmers and mills, the producers and workers of the country, security against the competition of foreign farms already invading and underselling home markets," says the Omaha **Bee**, while the Pittsburgh **Gazette-Times** says that this tariff bill "will be as a dam against the menacing flood" of imports and will keep prices at "levels that will assure employment of Americans at satisfactory wages."

For all angles of public opinion upon the tariff measure now in the Senate, you should read the leading article in THE LITERARY DIGEST this week, April 22nd.
